8. *Notes* the importance of meetings of regional and other major groupings of Member States for the smooth functioning of sessional bodies, in view of the increased requests for meetings of regional and other major groups, and welcomes the fact that 83 per cent of the requests for interpretation services for such meetings were met, while 100 per cent of the requests for facilities only were met;

9. *Notes with concern* the difficulties experienced by some Member States owing to the lack of conference services for some meetings of regional and other major groupings of Member States;

10. *Regrets* that 17 per cent of the requests for interpretation services made by regional and other major groupings of Member States were not met, while recognizing that meetings of Charter and mandated bodies must be serviced as a priority;

11. *Decides* to include all necessary resources in the budget for the biennium 2000-2001 to provide interpretation services for meetings of regional and other major groupings of Member States upon request by those groupings, on an ad hoc basis, in accordance with established practice, and requests the Secretary-General to submit to the General Assembly at its fifty-fifth session, through the Committee on Conferences, a report on the implementation of this decision;

12. *Urges* intergovernmental bodies to spare no effort at the planning stage to take into account meetings of regional and other major groupings of Member States, to make provision for such meetings in their programme of work and to notify conference services, well in advance, of any cancellations so that unutilized conference-servicing resources may, to the extent possible, be reassigned to meetings of regional and other major groupings of States;

13. *Decides* that full interpretation services, in the six official languages, must be ensured for the meetings of intergovernmental bodies for the full duration of those meetings;

14. *Expresses concern* that the conference facilities at the United Nations Office at Nairobi are still underutilized, as recorded during the last reporting period;

15. *Reiterates its call* for better utilization of the conference facilities at Nairobi;

18. *Takes note with appreciation* of the decision by the Department of Economic and Social Affairs to hold the Fifth Expert Group Meeting on Financial Issues of Agenda 21 at the United Nations Office at Nairobi;

19. *Encourages* other departments, intergovernmental bodies and regional and other major groupings to follow the example set by the Department of Economic and Social Affairs;

20. *Also encourages* all United Nations bodies and expert groups not subject to the headquarters rule to hold some of their meetings at the United Nations Office at Nairobi;

21. *Reaffirms* the general principle established in the headquarters rule, and, in particular, that all meetings related to environment and human settlements that are organized by the United Nations Environment Programme and the United Nations Centre for Human Settlements (Habitat), respectively, should be held at Nairobi, being the headquarters of the Programme and Habitat;

22. *Discourages strongly* any invitation for hosting meetings which would violate the headquarters rule, in particular for United Nations centres with a low utilization level;

23. *Requests* the Committee on Conferences to consider the possibility of holding its 2000 substantive session at the United Nations Office at Nairobi;

24. *Decides* to establish a permanent interpretation service at the United Nations Office at Nairobi no later than January 2001;

25. *Decides* to strengthen the interpretation service at the United Nations Office at Vienna;

26. *Encourages* the Secretariat to continue further the active dialogue between conference services and the secretariats of intergovernmental bodies, with a view to improving the provision of conference services;

27. *Requests* the Secretary-General to ensure an increase in the utilization of the regional centres in future work programmes and to report thereon to the General Assembly at its fifty-fifth session;

28. *Reiterates its request* to the Secretary-General to update the administrative instruction of 8 May 1987[13] on guidelines for the preparation of host Government agreements falling under General Assembly resolution 40/243 of 18 December 1985;

29. *Notes with appreciation* the renovation of the Economic and Social Council Chamber with the voluntary contribution of a Member State;

C

1. *Reiterates its decision* that if a report is submitted late to the conference services, the reasons for this should be included in a footnote to the document;

[13] ST/AI/342.

2. *Requests* the Secretary-General to ensure that the texts of the resolutions adopted by the General Assembly are communicated to Member States within fifteen days after the close of the session;

3. *Also requests* the Secretary-General to ensure that the *Official Records* of resolutions adopted by the General Assembly include information on the adoption of the resolutions, such as voting records and sponsors, before the text of each resolution, in the six official languages of the Organization;

4. *Notes with deep concern* the low rate of compliance with the six-week rule for the issuance of documentation;

5. *Reiterates its request* to the Secretary-General to ensure that documentation is available in accordance with the six-week rule for the distribution of documents simultaneously in the six official languages of the General Assembly;

6. *Notes with deep concern* that the provisions of paragraphs 24 and 25 of section B of its resolution 52/214 and paragraphs 11 and 12 of section B of its resolution 53/208 are not being fully implemented;

7. *Reiterates its request* that the Secretary-General direct all departments to include, where appropriate, the following elements in reports originating in the Secretariat:

(a) A summary of the report;

(b) Consolidated conclusions, recommendations and other proposed actions;

(c) Relevant background information;

8. *Reiterates* that all documents submitted to legislative organs by the Secretariat and expert bodies for consideration and action should have conclusions and recommendations in bold print;

9. *Reiterates its request* to the Advisory Committee on Administrative and Budgetary Questions to submit its reports in accordance with paragraph 12 of section B of General Assembly resolution 53/208;

10. *Recalls* its decision in paragraph 2 (b) of part II of its resolution 41/213, and emphasizes that, in future, proposed programme budgets should be considered by the General Assembly in fascicle form, together with recommendations on them by the Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions, and that the programme budgets should be issued in their final form after approval by the General Assembly with the changes to the resource level annexed to the approved programme budget;

11. *Notes with concern* the decline in the number of documents submitted to conference services in time for processing before the beginning of a session, and requests the Secretary-General to take urgent remedial measures to rectify this alarming situation, including a system of responsibility and accountability;

12. *Requests* the Secretary-General to publish, prior to the fifty-fifth session of the General Assembly, updated versions of the Financial Regulations and Rules of the United Nations and the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation in the six official languages of the Organization;

13. *Also requests* the Secretary-General to publish the Staff Regulations and Rules of the United Nations in the six official languages of the Organization when their consolidation is completed;

14. *Urges* intergovernmental bodies, when feasible, to become more actively involved in rationalizing their meeting schedules in order to ensure the timely distribution of all related documentation, and requests the Secretary-General to submit proposals based on these reviews, through the Committee on Conferences, to the General Assembly at its fifty-fifth session;

D

Translation- and interpretation-related matters

Having considered the report of the Secretary-General on the provision of interpretation services to other locations from permanent interpretation structures in New York, Geneva, Vienna and Nairobi[14] and the report of the Secretary-General on career development in language services: the post of reviser,[15]

1. *Requests* the Secretary-General to continue the efforts to utilize new technologies, such as computer-assisted translation, remote translation, terminology databases and speech recognition, in the six official languages, so as to enhance further the productivity of conference services, and to keep the General Assembly informed of the introduction and use of any other new technology;

2. *Also requests* the Secretary-General to continue the efforts to ensure that training opportunities in the six official languages are equally available to all language staff, including those at duty stations away from Headquarters;

3. *Decides* that, in the absence of a General Assembly decision to the contrary, the use of remote interpretation shall not constitute an alternative to the current institutionalized system of interpretation;

4. *Also decides* that the use of remote interpretation would not affect the quality of interpretation or in itself lead to any further reduction in language posts, nor will it affect the equal treatment of the six official languages;

5. *Requests* the Secretary-General to keep under review the introduction and use of any new technology, in particular remote interpretation, and to report thereon to the General Assembly on a regular basis;

6. *Requests* that efforts should continue to be made to improve quality control of language services at all duty stations;

7. *Takes note with appreciation* of the note by the Secretary-General on career development in language services — measures aimed at reducing excessive vacancy rates at some duty stations: elements of a system of managed assignments,[16] and requests the Secretary-General to keep the General Assembly informed of developments in this area;

8. *Notes with concern* that the rate of self-revision exceeded the established benchmark and even tended to increase at all duty stations;

9. *Recognizes* that an increase in the use of temporary assistance and contractual translation services could increase the need for revision at the senior levels;

10. *Notes with concern* that some documents issued in Arabic tend to follow a consistent pattern of excessively literal translation, by focusing more on the vocabulary and

not on the content of the original language, and requests the Secretary-General to ensure that this situation will be rectified;

11. *Requests* the Secretary-General to ensure that translation, in principle, should reflect the specificity of each language;

12. *Also requests* the Secretary-General, in order to further improve the quality of translation of documents issued in the six official languages, to ensure continuous dialogue between translation staff and interpretation staff, among United Nations headquarters at New York, Geneva, Vienna and Nairobi, and between translation divisions and Member States with regard to the standardization of the terminology used;

13. *Further requests* the Secretary-General to ensure that Member States, which are the main users of United Nations documents, are briefed periodically on the terminology used;

14. *Decides* to keep the matter under review through consultations with Member States concerned;

E

Information technology

Having considered the report of the Secretary-General on the continuous development, maintenance and enrichment of United Nations web sites,[17]

1. *Notes* the request of the Committee on Information that the Secretary-General continue to develop and enhance the United Nations web sites in all the official languages of the Organization and continue to develop proposals for consideration by the Committee on Information at its next session;

2. *Requests* the Secretary-General to improve and update the access and retrieval of documents from the United Nations web sites and from the optical disk system equally in the six official languages at all duty stations by March 2000;

3. *Also requests* the Secretary-General in formalizing the structure of the Information Technology Section to ensure that the six official languages are treated equally;

4. *Further requests* the Secretary-General to ensure that the goal of equal treatment of the six official languages is taken into account in the course of the continuous development, maintenance and enrichment of the United Nations web sites;

5. *Requests* the Secretary-General to take necessary measures to improve access to the web page of the Procurement Division;

6. *Also requests* the Secretary-General to report on the measures taken pursuant to requests made under this section by the end of April 2000, and decides to revert to this matter during the resumed fifty-fourth session;

F

Recalling its decision 38/401 of 23 September 1983, section E of its resolution 52/214 of 22 December 1997 and section E of its resolution 53/208 of 18 December 1998 concerning the prohibition of smoking in small conference rooms and the discouragement of smoking in large conference rooms,

[17] A/AC.198/1999/6.

1. *Calls upon* representatives of Member States to abide by its decision 38/401, section E of its resolution 52/214 and section E of its resolution 53/208;

2. *Encourages* all users of United Nations conference facilities, in order to avoid involuntary exposure to passive smoking, to refrain from smoking, in particular in conference rooms.

Fifty fourth session
Agenda item 121

Proposed programme budget for the biennium 2000-2001

Report of the Fifth Committee

Rapporteur: Mr. Jan Piotr **Jaremczuk** (Poland)

I. Introduction

1. At its 3rd plenary meeting, on 17 September 1999, the General Assembly, on the recommendation of the General Committee, decided to include in the agenda of its fifty-fourth session the item entitled "Proposed programme budget for the biennium 2000-2001" and to allocate it the Fifth Committee.

2. The Fifth Committee considered the item at its 17th, 21st, 23rd to 30th, 32nd to 37th, 39th to 41st, 44th and 46th to 50th meetings, on 27 October, from 1 to 5, 8 to 12 and on 19 and 30 November and 3, 9, 13, 15, 17, 21 and 23 December 1999. Statements and observations made in the course of the Committee's consideration of the item are reflected in the relevant summary records (A/C.5/54/SR.17, 21, 23-30, 32-37, 39-41, 44 and 46-50).

3. Section II of the present report reflects the decisions taken by the Committee on individual expenditure and income sections of the proposed programme budget for the biennium 2000-2001, as well as on revised estimates submitted by the Secretary-General and on the programme budget implications of the resolutions adopted by the General Assembly either on the recommendation of its Main Committees or in respect of items dealt with in plenary meeting.

4. Section III of the present report provides a summary of the special subjects considered by the Fifth Committee, other than the programme budget implications of draft resolutions recommended by other Main Committees, which led to the adoption of specific decisions to be recommended to the General Assembly.

5. The recommendations of the Fifth Committee are contained in section IV of the present report.

6. Under agenda item 121, the Fifth Committee considered the proposed programme budget for the biennium 2000-2001. The Committee recommends a gross appropriation of

00-25455 (E) 010200

2,535,689,200 United States dollars and an estimate for income (other than income derived from staff assessment) of $361,298,900. The net expenditure for the biennium 2000-2001 is thus estimated at $2,174,390,300.[1]

7. With regard to the Working Capital Fund, the Committee recommends that the Fund should be at the level of $100 million.

8. The Committee also recommends an estimate of $318,911,500 as staff assessment for transfer in the course of the biennium 2000-2001 to the Tax Equalization Fund, from which credits are distributed to Member States in accordance with General Assembly resolution 973 (X) of 15 December 1955.

9. For its examination of the proposed programme budget for the biennium 2000-2001, the Committee had before it, as basic documents, the proposed programme budget for the biennium 2000-2001 submitted by the Secretary-General,[2] the reports of the Advisory Committee on Administrative and Budgetary Questions on the proposed programme budget for the biennium 2000-2001[3] and the report of the Committee for Programme and Coordination on the work of its thirty-ninth session.[4] Revised estimates and programme budget implications affecting various appropriation sections were subsequently considered on the basis of reports of the Secretary-General and of the Advisory Committee.

10. In accordance with the guidelines for the contingency fund as annexed to General Assembly resolution 42/211 of 21 December 1987, the Fifth Committee, at its 50th meeting, on 23 December, considered a consolidated statement of programme budget implications and revised estimates that were subject to the criteria for the use of the contingency fund (A/C.5/54/46) and the corresponding report of the Advisory Committee, which was presented orally. The amount fell within the available balance of the contingency fund. The Fifth Committee, therefore, proceeded to approve the required amount under the relevant section of the programme budget.

11. The general debate on the proposed programme budget for the biennium 2000-2001 was held at the 17th, 21st and 23rd meetings, on 27 October and 1 and 2 November. The debate is reflected in the relevant summary records (A/C.5/54/SR.17, 21 and 23).

12. Introductory statements were made by the Secretary-General, the Chairman of the Advisory Committee on Administrative and Budgetary Questions and the Chairman of the Committee for Programme and Coordination at the 17th meeting, on 27 October (see A/C.5/54/SR.17).

II. Consideration of budget estimates

13. Individual sections of the proposed programme budget were considered by the Committee at the meetings indicated below:

I

The General Assembly,

Reaffirming its resolutions 41/213 of 19 December 1986 and 42/211 of 21 December 1987,

Recalling its resolution 53/206 of 18 December 1998, in which it invited the Secretary-General to prepare the budget outline for the biennium 2000-2001 on the basis of 2,545 million United States dollars,

Recalling also its resolution 52/220 of 22 December 1997,

Recalling further its resolutions 51/219 of 18 December 1996 and 53/207 of 18 December 1998,

Recalling the relevant paragraphs of resolutions 52/12 A and 52/12 B of 12 November and 19 December 1997, respectively, as well as resolutions 52/235 of 26 June 1998, 53/220 A of 7 April 1999, 53/220 B of 8 June 1999 and 54/15 of 29 October 1999, relating to the Development Account,

Reaffirming the respective mandates of the Advisory Committee on Administrative and Budgetary Questions and the Committee for Programme and Coordination in the consideration of the proposed programme budget,

Reaffirming also the requirement of all Member States to fulfil their financial obligations as set out in the Charter of the United Nations on time, in full and without conditions,

Recognizing the detrimental effect of the withholding of assessed contributions on the administrative and financial functioning of the United Nations,

Recognizing also that late payments of assessed contributions adversely affect the financial situation of the Organization,

Stressing that the established procedures for the formulation, implementation and approval of the programme budget must be strictly followed,

Having considered the proposed programme budget for the biennium 2000-2001[8] and the reports of the Advisory Committee on Administrative and Budgetary Questions[9] and the Committee for Programme and Coordination[10] thereon,

1. *Reaffirms* that the Fifth Committee is the appropriate Main Committee of the General Assembly entrusted with responsibilities for administrative and budgetary matters;

2. *Reaffirms also* rule 153 of its rules of procedure;

3. *Reaffirms further* the Regulations and Rules Governing Programme Planning, the Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of Evaluation, and the Financial Regulations and Rules of the United Nations;

5. *Reaffirms* the role of the General Assembly in carrying out a thorough analysis and approval of posts and financial resources, as well as of human resources policies, with a view to ensuring full implementation of all mandated programmes and activities and the implementation of policies in this regard;

6. *Welcomes* the timely submission of the proposed programme budget and the continued efforts made by the Secretary-General to improve the format of the proposed programme budget;

17. *Reiterates* that core functions of the United Nations, as a principle, should be financed through the regular budget and apportioned among Member States, and notes with concern the excessive reliance on extrabudgetary resources in some sections;

18. *Notes with concern* the current and projected decreasing trend of extrabudgetary resources, particularly for the United Nations funds and programmes;

19. *Expresses concern* that the decrease in extrabudgetary resources in some sections of the programme budget could have an adverse impact on the effective implementation of programmes and activities, especially those programmes that are still heavily funded primarily through such resources;

20. *Recalls* its decision set out in section II, paragraph 2 (b), of its resolution 41/213, and emphasizes that, in future, proposed programme budgets shall be considered by the General Assembly in fascicle form, together with recommendations on them by the Committee for Programme and Coordination and the Advisory Committee on Administrative and Budgetary Questions, and that the programme budgets shall be issued in their final form after approval by the General Assembly, with the changes to the resource level annexed to the approved programme budget;

21. *Requests* the Secretary-General and the Advisory Committee to submit their reports in accordance with paragraphs 10 and 11 of resolution 53/208 B of 18 December 1998;

22. *Recognizes* the need for Member States to participate in budgetary preparation from its earliest stages and throughout the process;

23. *Encourages* the Secretary-General to improve coordination between departments and the major duty stations so as to use resources effectively in all areas, including, *inter alia*, information technology;

24. *Calls upon* the Secretary-General to explore the possibility of presenting in future programme budgets one consolidated section for staff assessment inflows and outflows, with a view to improving the transparency of the presentation of the budget;

25. *Also calls upon* the Secretary-General to ensure that all sections of future proposed programme budgets are presented in the same standard format, in accordance with the relevant regulations and rules and relevant resolutions;

26. *Requests* the Secretary-General, in his programme budget submission for the biennium 2002-2003, to make further improvements to the proposed programme budget, as described by the Advisory Committee on Administrative and Budgetary Questions in paragraphs 6 and 7 of its report;[11]

27. *Also requests* the Secretary-General to improve the presentation of future proposed programme budgets by including all relevant legislative mandates for all proposed programme narratives;

28. *Further requests* the Secretary-General, in his proposed programme budget for the biennium 2002-2003, to provide a better explanation of the use of standard costs and unit rates in the calculation of cost estimates;

29. *Requests* the Secretary-General, in his proposed programme budget for the biennium 2002-2003, to submit estimates of the total amount of resources, from all sources of financing, that he should have at his disposal to be able to implement fully the mandated programmes and activities;

II

30. *Reaffirms* that the medium-term plan, as approved by the General Assembly, shall continue to constitute the principal policy directive of the United Nations;
